Comments: ¹ In November 2020, entered the movie in the Lift-Off Global FF's, Paris, Sydney, and Melbourne. Also went live on Filmhub. May be just coincidental. ² This is the total amount of individual viewers (counting those who rented & purchased the movie). ³ After I realized that Amazon took the movie off from being free for Prime subscribers, it was decided to voluntarily take it down in order to have Filmhub put it back up on Amazon, since by doing this Parts of the Same Circle was able to get back up on Prime, as well as being available for rent and purchase. However, when Filmhub made it available to Amazon, their policy had changed, and they no longer accepted new independent movies for the free with Prime option. The rent and purchase would always be available but no longer with the SVOD Prime. So I put it back up on the YBS Amazon PVD. ⁴ Discovering that getting on Amazon via Filmhub provides access to a total of 118 countries (this includes the present US and UK) more, instead of just the US and UK, I decided to again transfer the movie over to Filmhub, and will keep it there going forward. So this report reflects forever what was achieved. EN/YBS											21	7	4	22	71	125	Total Review & RO Numbers
